Workers were asked what is most valuable in helping achieve long-term financial security. How valuable are each of the following in helping you achieve long-term financial security?

**Percentage ranking each item as most valuable**

- Your ability to earn a living: 53%
- Retirement savings: 17%
- Savings and investments other than retirement savings: 12%
- Your home: 12%
- Medical insurance: 5%
- Personal possessions: 1%
